2. THE SERVICES PROVIDED BY KEPLER CHEUVREUX

2.1 The Services

Kepler Cheuvreux is authorised, pursuant to its investment firm authorisation granted by the relevant governmental and regulatory authority, to provide certain investment services, activities and ancillary services, as defined by MiFID 2 (together the **"Services"**) in relation to Financial Instruments (as defined below). The Services include but are not limited to: reception and transmission of Orders, execution of Orders on behalf of Clients, including the execution of Electronic Orders, investment advice, dealing on own account, underwriting or placement of Financial Instruments, Research Services (including research and financial analysis), and operation of an OTF. The Services are provided to the Client in relation to any or all Financial Instruments in accordance with MiFID 2, including shares, bonds, warrants, and any other

types of transferable securities, money-market instruments, certain derivative contracts and any other types of financial instrument or financial contract that are similar or related to any of the foregoing, when such instruments or contracts are traded on a relevant Venue or OTC (the **"Financial Instruments"**) in accordance with Applicable Law and Rules or Specific Market Rules.

The Client acknowledges that each of, or part of, the Services may be provided by Kepler Cheuvreux and/or any Affiliate and that this may be the case in respect of any Transaction.

The Client further acknowledges that it may be required by Kepler Cheuvreux and/or its Affiliates to execute separate additional contractual documentation due to specific Applicable Law and Rules and / or specific Financial Instruments and/or specific Services (the **"Additional Documentation"**).

Additional Documentation amend or supplement the provisions of the General Terms between Kepler Cheuvreux and the Client.

In the event of any inconsistency between the General Terms and the terms of the Additional Documentation, the provisions of the Additional Documentation shall prevail.

Unless permitted under Applicable Laws and Rules, the Services provided by Kepler Cheuvreux are intended to persons who are not U.S. persons, as such term is defined in Regulation S of the US Securities Act of 1933, as amended and who are not physically present in the United States. These General Terms do not constitute an offer, or an invitation to contract in the United States or in any jurisdiction in which such offer or invitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

2.2 Acceptance and Execution of the General Terms

Without prejudice to the provisions of Article 2.1 above and any separate Additional Documentation agreed between the Client and Kepler Cheuvreux governing any instruments, transactions or specific matters not covered by the General Terms, these General Terms shall govern all Services relating to Financial Instruments which Kepler Cheuvreux provides to the Client and shall supersede any earlier terms of business or other agreement or arrangement entered into between the Client and Kepler Cheuvreux relating to such Services.

The Client acknowledges that Kepler Cheuvreux accepts Orders subject to acceptance by the Client of these General Terms. Unless otherwise agreed, the Client will be deemed to have accepted the General Terms when it places its first Order with Kepler Cheuvreux. The General Terms shall take effect on such date and will continue to apply to all subsequent Orders placed and Services provided. The Client acknowledges that Kepler Cheuvreux shall not be obliged to provide any of the Services to the Client and may at any time, in its absolute discretion, refuse to do so.

3. RISKS DISCLOSURE

All investments are subject to risk and the degree of risk is a matter of judgement and cannot be accurately pre-determined. Kepler Cheuvreux gives no warranty as to the performance or profitability of the Client's account, or its investments or any part thereof. The Client should be aware that there are particular risks inherent when dealing in certain Financial Instruments.

Such risks include the risk of losing the entire value of an investment or (in the case of certain derivative and other Transactions) the risk of being exposed to liability over and above the initial investment.

Kepler Cheuvreux sets out below some specific risks and considerations for investors in relation to certain Financial Instruments and to certain Venues. This information is not intended to constitute a comprehensive statement of all the risks to which investors might be exposed and there may be others that exist currently or which may arise in the future.

3.1 Emerging Markets

The Client should be aware that there may be potential risks posed by volatile political, legal and commercial conditions in Emerging Markets which may affect the value of or result in the loss of investments. The quality and reliability of official data published by governments and their agencies in Emerging Markets might not be equivalent to that available in developed markets. In addition, the lack of developed securities markets as well as banking and telecommunications systems in such countries may give rise to greater custody, settlement, clearing and registration risks. Investment in Financial Instruments in Emerging Markets may be restricted – sometimes such restrictions may not be published and investors may not be readily made aware of them. In such circumstances, there may be restrictions on repatriation of capital or an investment may have to be scaled down to comply with local foreign ownership restrictions.

3.2 Derivatives Financial instruments

The Client should consider that the risks of investing in derivative instruments or contracts, such as but not limited to options, futures or forwards, is usually significantly greater than that of the underlying instruments. Crucially, the use of financial leverage (i.e. where the investor only pays a small amount up front) can cause loss of amounts far greater than the investment amount.

4. CLIENT CLASSIFICATION

- 4.1 According to Applicable Law and Rules, Kepler Cheuvreux classifies its clients as "Retail Client", "Professional Client" or "Eligible Counterparties" (as such terms are defined under MiFID 2) or similar classification (under any other local Applicable Law and Rules).

Unless the Client asks for reclassification (whether on an "opting in" or an "opting out" basis), Kepler Cheuvreux shall conduct business with the Client on the basis of the classification made further to the above paragraph.

- 4.2 If a Client classified by Kepler Cheuvreux as a Retail Client or a Client classified by Kepler Cheuvreux as an Eligible Counterparty requests reclassification as Professional Client (in the first case an "opting in" reclassification and in the second case an "opting out" reclassification) and subject to Kepler Cheuvreux's prior approval, the Client will only benefit from those regulatory protections afforded to that category of Client under Applicable Law and Rules.

Retail Clients requesting reclassification as Professional Client should be aware that (1) such reclassification shall be subject to Kepler Cheuvreux's prior approval (which may be denied) and (2) that Professional Clients will cease to be entitled to certain protections afforded by Applicable Law and Rules to Retail Clients, including, but not limited to those: (a) imposing requirements as to the form, content and timing of information, including Confirmations, provided to Retail Clients; (b) requiring additional information to be obtained from Retail Clients to assess the appropriateness of certain Services provided; (c) requiring Best Execution for Retail Clients to be determined in terms of total consideration, with other factors only being given precedence in limited circumstances; and (d) regulating the handling and recording of complaints by Retail Clients. Retail Clients considering reclassification as Professional Client are invited to seek counsel on this issue from their usual advisors.

Professional Clients requesting reclassification as Eligible Counterparty should be aware that (1) such reclassification shall be subject to Kepler Cheuvreux's prior approval (which may be denied) and (2) that the Eligible Counterparties will cease to be entitled to the protection afforded by certain Applicable Law and Rules including, but not limited to: (a) the requirement of Best Execution in the execution of the Orders (except in respect of the provision of investment advice by Kepler Cheuvreux); (b) the obligation upon Kepler Cheuvreux to provide appropriate certain types of information to the Client before providing the Services as stipulated in MiFID 2; (c) the requirement to implement procedures and arrangements which provide for the prompt, fair and expeditious execution of Orders; and (d) the requirement that the Client receives from Kepler Cheuvreux adequate reports on the Services provided to the Client as stipulated in MiFID 2. Professional Clients considering reclassification as Eligible Counterparty are invited to seek counsel on this issue from their usual advisors.

- 4.3 In order to be classified by Kepler Cheuvreux pursuant to MiFID 2, the Client shall provide Kepler Cheuvreux with any documentation or information about the Client that Kepler Cheuvreux considers necessary in order to comply with any Applicable Law and Rules. All information the Client provides to Kepler Cheuvreux for the purposes hereof shall be complete, accurate and not misleading. The Client undertakes to immediately notify Kepler Cheuvreux of any change to the information it has previously provided to Kepler and of any circumstance that might affect the Client classification.

5. REPRESENTATIONS, WARRANTIES AND UNDERTAKINGS

- 5.1 Unless otherwise agreed between the Parties, when entering into any Transaction with or through Kepler Cheuvreux, the Client shall ensure that it fully understands the Transaction and the nature and extent of the potential risk of loss and rewards of that Transaction and has independently determined (after taking independent advice it considers necessary) that the Transaction is appropriate or suitable for it in the light of its objectives, experience, financial and operational resources and other relevant circumstances.
- 5.2 The Client hereby represents and warrants to Kepler Cheuvreux, on a continuing basis, that:
- it is duly incorporated, validly existing and, in good standing under Applicable Law and Rules of the jurisdiction of its organisation or incorporation;

6. INVESTMENT RESEARCH AND FINANCIAL ANALYSIS

- it has full power and authority to enter into the General Terms and the General Terms shall constitute valid and legally binding obligations on it;
 - it has the power and authority to perform its obligations under the General Terms, and in particular to execute any Transactions contemplated hereunder and has taken all necessary action to authorise such performance;
 - it has obtained all necessary governmental, regulatory authorisations and licences it requires to enter into and perform its obligations under the General Terms and any Transactions;
 - entering into and performing its obligations under the General Terms does not and shall not violate or conflict with any Applicable Law or Rules, any provision of its constitutional documentation, any order or judgement of any court or other authority applicable to it or any contractual obligations or restrictions binding on, or affecting it;
 - it will invest only in the Financial Instruments in which it is authorised to trade according to Applicable Law and Rules, its mandate, program of activity, investment objectives or any other similar document; and
 - it is aware of and complies with all Applicable Law and Rules. The Client acknowledges that Applicable Law or Rules may vary from time to time and the Client is responsible for keeping its knowledge and understanding of such provisions that are relevant to it up to date.
- 5.3** The Client undertakes to notify Kepler Cheuvreux without undue delay if it becomes aware that any representations, warranties or undertakings cease to be true to a material extent.
- 5.4** The Client undertakes to cooperate and to provide Kepler Cheuvreux with such information about the Client and any authorised signatory or Authorised Trader as Kepler Cheuvreux may reasonably require for the purposes of its commercial due diligence and for complying with the requirements under Applicable Law and Rules, or any reasonable inquiries made by Kepler Cheuvreux's Third Party Correspondents, data suppliers, relevant Venues, supervisory or regulatory authority in relation to the provision of the Services.
- The Client hereby undertakes to comply with any applicable registration and reporting obligations relating to any Transaction and / or Financial Instrument (for instance in case of public offer) in compliance with any Applicable Law or Rules.
- 5.5** It is expressly agreed that Kepler Cheuvreux has no liability for the completion of any tax formalities required under applicable regulations and incumbent on the Client. However, when applicable, Kepler Cheuvreux will provide the Client with the information required for the proper fulfilment of his tax obligations.

- 6.1** Where Kepler Cheuvreux provides Research Services, the information contained therein is obtained from various publicly available sources believed by Kepler Cheuvreux to be reliable but not independently verified by Kepler Cheuvreux. Consequently, Kepler Cheuvreux makes no representation or warranty, express or implied, that the information used to provide Research Services is current, accurate, complete or wholly reliable, or that the Research Services contain all available information on the subjects they cover. Further information may be available on request.

Research Services are prepared for information purposes only and shall not be construed as an offer, invitation or solicitation to buy or sell any of the relevant Financial Instruments. Opinions and estimates expressed therein constitute the analyst's judgement as of the date of the relevant materials and could moreover be subject to change at any time without notice. The investments referred to in such Research Services may not be suitable for all recipients, who are urged to base their investment decisions upon their own appropriate investigations that they deem necessary.

Kepler Cheuvreux does not accept any liability whatsoever for any Losses arising from any use of Research Services or the information contained therein.

- 6.2** Kepler Cheuvreux may carry out Transactions in the Financial Instruments discussed in any Research Services for its own account or for the account of a Client, may have Positions with the issuer thereof, or may perform or seek to perform securities, corporate finance or other financial and investment services for such issuer or its affiliates. In order to prevent conflicts of interest between the work it carries out (a) in respect of Research Services, and (b) Transactions and/or other Services for an issuer or its affiliates in accordance with its regulatory licenses, Kepler Cheuvreux has implemented procedures designed to identify and manage potential conflicts of interest that may arise in particular in connection with the provision of Research Services (the "**COI Policy**"). Among other things, the COI Policy provides for the physical and logical separation of individuals providing Research Services and individuals providing Services in respect of Transactions and/or other Services for an issuer or its affiliates. Further to the COI Policy, employees of Kepler Cheuvreux receive regular training in this regard. In line with MiFID 2 requirements, the COI Policy is to be reviewed at least once per calendar year by Kepler Cheuvreux. Kepler Cheuvreux shall, on written request, provide the Client with a copy of its COI Policy for managing conflicts of interest that might otherwise affect the impartiality of Research Services.
- 6.3** Kepler Cheuvreux and the Client may agree, in particular whenever required under Applicable Laws and Rules, by separate agreement the Research Services rendered to the Client, their nature, characteristics and financial conditions under which the supply of such Services is made.
- 6.4** Kepler Cheuvreux shall provide Research Services only to the Research Users.

- 6.5 The Client undertakes not to communicate the Research Services received to persons other than the Research Users, except with the prior written agreement of Kepler Cheuvreux.
- 6.6 Upon Client's request, Kepler Cheuvreux will provide the Client with a statement of the Research Services provided to it at the frequency and on the basis of the format defined by the Parties.
- 6.7 All rights, including intellectual property rights, attached to the Research Services, the content of the Research Services, the Website, any element used by Kepler Cheuvreux to provide the Research Services and the Website remain the exclusive property of Kepler Cheuvreux.

7. GIVING ORDERS

7.1 Authorised Traders

Any Order must be given by an Authorised Trader in accordance with Article 7.2.

Kepler Cheuvreux may, without further enquiry, act on, and the Client shall be bound by, any Order it receives which it reasonably believes, in good faith, to have been given by an Authorised Trader on behalf of the Client. Kepler Cheuvreux shall not be obliged to act in accordance with any Order of any other person. The Client may not hold Kepler Cheuvreux liable for any Losses or for any consequences resulting from such Order that the Client may suffer as a result of unauthorised persons transmitting Orders or use of the System by unauthorised traders or in the absence of notification of Authorised Traders by the Client.

7.2 Means of giving Orders

The Client must transmit any Order to Kepler Cheuvreux by telephone or electronic means in such format as Kepler Cheuvreux may from time to time require. E-mail, chat and instant messaging features may be used by the Client as a convenience to enhance the Client's communications with Kepler Cheuvreux. Unless otherwise agreed by Kepler Cheuvreux, the Client shall not use these features to request, authorize or effect any Transaction, to send fund transfer instructions or account information, or for any other communication that requires non-electronic written authorization. The Client acknowledges that Kepler Cheuvreux may not consider any Order as being duly received by Kepler Cheuvreux before Kepler Cheuvreux acknowledges receipt of such Order in writing or orally. However, Orders received by Kepler Cheuvreux shall be binding on the Client once issued by the Client and Kepler Cheuvreux may act on them even before it acknowledges receipt of such Orders back to the Client. Kepler Cheuvreux may also request written confirmation of an Order from the Client at any time.

Kepler Cheuvreux accepts no Orders issued by Clients via their mobile phones.

Any Order shall specify whether it is a purchase or sale Order, the number and characteristics of the Financial Instruments concerned and all details necessary for the execution of the Order on the relevant Venues or OTC.

7.3 Acceptance of Orders

Kepler Cheuvreux shall be under no obligation (i) to enter into any particular Transaction or (ii) to accept and act in accordance with any Order. Kepler Cheuvreux will make all reasonable efforts to notify the Client promptly of a refusal, but shall not be liable to the Client for any Losses whatsoever arising out of or in connection with Kepler Cheuvreux not accepting or not acting upon the Client's Order, whether or not Kepler Cheuvreux has notified the Client of such action or inaction.

Kepler Cheuvreux may record the time at which an Order is received but this shall not be deemed to constitute acceptance of such Order by Kepler Cheuvreux. Such record shall constitute evidence that Kepler Cheuvreux has received the Order but does not constitute evidence that Kepler Cheuvreux will execute the Order or that Kepler Cheuvreux will execute the Order in the circumstances (including as to timing) that the Client was expecting.

Kepler Cheuvreux shall not be liable to the Client for delays or inaccuracies in the transmission of Orders or the execution of Orders or for the non-performance of any of its obligations under the General Terms by virtue of any cause beyond its control including (but not limited to) any breakdown, failure or slowdown of transmission or computer facilities or the failure of any relevant Venues.

7.4 Validity and Cancellation of Orders

The Client may determine the duration of validity of each Order transmitted to Kepler Cheuvreux. It is the Client's sole responsibility to renew Orders that have ceased to be valid without being executed.

A Client may, on the Exchange Business Day on which an Order was given, request the cancellation of an Order that has not yet been executed, and in these circumstances Kepler Cheuvreux shall use its reasonable endeavours to cancel the relevant Order. In exceptional circumstances, Kepler Cheuvreux may attempt, upon request of the Client, to cancel an Order that has already been executed. In such case, the Client will be responsible for all Losses incurred or suffered by it or by Kepler Cheuvreux as a result of such cancellation or attempted cancellation.

Kepler Cheuvreux shall not be liable for any Losses if it cannot cancel an Order that has been given to Kepler Cheuvreux due to any cause beyond its control including but not limited to force majeure (as defined in any Applicable Law or Rules), breakdown or failure of transmission or computer facilities or of any relevant Venues.

Any Order given in accordance with Article 7 and received and accepted by Kepler Cheuvreux may be executed by Kepler Cheuvreux or a Third Party Correspondent.

When executing an Order, Kepler Cheuvreux or a Third Party Correspondent, as the case may be (depending in some cases on the Applicable Law or Rules on which the Transaction is executed), may act as principal or as agent for the Client. Kepler Cheuvreux acknowledges that it shall exercise reasonable skill, care and diligence in the selection of such Third Party Correspondent.

8.1.1 Execution by Kepler Cheuvreux

An Order is executed only if market conditions so allow, and if the Order meets all legal and contractual conditions set forth under Applicable Law and Rules.

An Order may be partially executed. In the absence of any express instruction from the Client stipulating the quantity of Financial Instruments concerned, commencement of performance binds the Client, subject to article 7.4.

The partial or full performance of an Order is confirmed through a Confirmation referring as need be as to any remaining balance.

Where performance of the Order is fractional, the Client may request to be kept regularly informed of performance conditions.

When the Financial Instrument is quoted simultaneously on several Regulated Markets and on a MTF or an OTF, the Transaction to be performed is made by Kepler Cheuvreux according to Kepler Cheuvreux's Execution Policy.

Where market regulations so allow, it is expressly agreed that Kepler Cheuvreux may perform the Order as counterparty and the Client provides its consent for such purpose.

The Orders given by the Client shall only be executed in accordance with the Applicable Law and Rules of the relevant Venues and Kepler Cheuvreux shall not be liable for non-execution or partial execution if all or part of an Order cannot be so executed. The Client shall not give an Order that would, if acted upon, involve Kepler Cheuvreux or the Client or any director or employee of either Kepler Cheuvreux or the Client breaching any Applicable Law or Rule (including by committing an offence of market abuse).

8.1.2 Execution by a Third Party Correspondent

Where an Order is to be executed by a Third Party Correspondent, such Third Party Correspondent shall not advise the Client on the merits of a particular Transaction and shall not deal directly with the Client and Client's Orders will be transmitted to Third Party Correspondent by Kepler Cheuvreux only. Third Party Correspondent will execute Orders as transmitted by Kepler Cheuvreux on Client's behalf, at the Client's risk and upon the Client's specific instructions, provided that the Orders are for investments that are of a type and traded on Venues on which Kepler Cheuvreux or its Third Party Correspondent are prepared at its discretion to transact.

No Third Party Correspondent will be under any obligation to satisfy itself that the transaction is suitable for the Client pursuant to Applicable Law and Rules, and Client categorisation. In the event that Third Party Correspondent provides any information on investments or markets such as research recommendations, market trends, investment analysis or commentary upon the performance of selected companies, this should not be construed as a recommendation and the Client should seek the Client's own advice as to the suitability of any investment mentioned.

The execution of Orders by Third Party Correspondent is subject to relevant Applicable Laws and Rules (whether local or otherwise). Further details are available in Kepler Cheuvreux's Selection Policy.

8.2 Execution Policy

8.2.1 Where applicable, Kepler Cheuvreux will provide best execution to Clients according to Applicable Law and Rules and Kepler Cheuvreux's Execution Policy.

Therefore, when executing Orders on behalf of a Client benefiting from the best execution requirement, Kepler Cheuvreux will take all reasonable steps to achieve Best Execution of such Orders.

However where the Client gives specific instructions, including specifying the characteristics of an Order or a particular aspect of an Order, Kepler Cheuvreux will execute so far as is reasonable possible in accordance with those specific instructions and this may prevent Kepler Cheuvreux from applying its Execution Policy to obtain the best possible result for the execution of the Client's Orders with the respect to the elements impacted by such specific instructions. In such case, where Kepler Cheuvreux executes an Order in accordance with the Client's specific instructions covering that Order, Kepler Cheuvreux will be deemed to fulfil its best execution obligation for the Client.

Where the Client choose to execute Orders through the DEA System, it will be treated as having given specific instructions for the entire Order, and Kepler Cheuvreux while acting on the Client's behalf in providing the DEA System will be treated as having satisfied its best execution obligations.

Kepler Cheuvreux 's Execution Policy may be amended from time to time and is available on Kepler Cheuvreux 's Website: WWW.KEPLERCHEUVREUX.COM.

The Client hereby confirms to have read Kepler Cheuvreux's Execution Policy and will be deemed to accept its terms and conditions when it places its first Order, or subsequent Orders in case of amendments, with Kepler Cheuvreux, or otherwise accepts Services from Kepler Cheuvreux.

8.2.2 Kepler Cheuvreux will not be able to execute an Order outside of a Regulated Market, MTF or OTF without Client express consent. Consent may be collected once and for all by Kepler Cheuvreux.

8.3 Limit Order

8.3.1 In the case of Limit Orders in respect of Financial Instruments admitted to trading on a Regulated Market which are not immediately executed under prevailing market conditions, Kepler Cheuvreux will pass that Order to the relevant Venue to be immediately displayed unless expressly otherwise instructed by the Client. Notwithstanding the foregoing, such public disclosing shall not apply to Limit Orders that are large in scale compared with normal market size as defined in article 7, Annex 2 of Commission regulation n°2017/587 and of the relevant English implementation regulations for the operations carried out by Kepler Cheuvreux London branch.

8.3.2 For Limit Orders entered into the form of Electronic Order, Kepler Cheuvreux will interpret the Electronic Order as a Specific Instruction to be immediately displayed.

8.4 Trade and Transaction Reporting

Under Applicable Law and/or Rules, Kepler Cheuvreux may be obliged to publish and / or report information about certain executed Orders. The Client waives any duty of confidentiality attaching to the information which Kepler Cheuvreux reasonably discloses according to Applicable Law and / or Rules or specific contractual arrangements with the Client.

8.4.1 Upon Client request, Kepler Cheuvreux may discretionarily decide to provide assistance for the purpose of reporting of OTC transactions to which the Client is subject according to articles 12(4), (5) and (6) of Commission Delegated Regulation (EU) 2017/587 of 14 July 2016 supplementing Regulation (EU) 600/2014 of the European Parliament and of the Council, and according to the relevant English implementation regulations for the operations carried out by Kepler Cheuvreux London branch, on markets in financial instruments with regard to regulatory technical standards on transparency requirements for trading venues and investment firms in respect of shares, depositary receipts, exchange-traded funds, certificates and other similar financial instruments and on transaction execution obligations in respect of certain shares on a trading venue or by a systematic internaliser and Article 7(5), (6) and (7) of Commission Delegated Regulation (EU) 2017/583 of 14 July 2016 supplementing Regulation (EU) 600/2014 of the European Parliament and of the Council, and the relevant English implementation regulations for the operations carried out by Kepler Cheuvreux London branch, on markets in financial instruments with regard to regulatory technical standards on transparency requirements for trading venues and investment firms in respect of bonds, structured finance products, emission allowances and derivatives.

8.4.2 Where Kepler Cheuvreux provides assistance to the Client according to paragraph 8.4.1. above for the reporting of OTC transactions to an approved publication arrangement ("**APA**") as this terms are defined under the MiFID 2, the Client will remain fully responsible for its obligations under the MiFID 2 and MiFIR requirements. When providing such assistance, Kepler Cheuvreux will inform the Client's APA of the transparency regime applicable to the Client subject to the reporting obligation.

Any change of the Client's APA shall be duly notified by the Client to Kepler Cheuvreux by giving sufficient notice to that effect before the implementation of such change in order to allow Kepler Cheuvreux to verify the technical feasibility of the change and implement it. The Client acknowledges and agrees that insufficient notice might lead to delays in implementation.

Kepler Cheuvreux may decide at any time to cease any assistance according to the above by giving reasonable prior notice to the Client.

8.5 Program Trades

Where Kepler Cheuvreux receives and accepts an Order to execute a Program Trade, the Client agrees that Kepler Cheuvreux shall not be obliged to notify the Client whether it will act as principal or agent in executing the Transaction. Kepler Cheuvreux may execute an own account Transaction in Financial Instruments included in a Program Trade.

The Client acknowledges that, for large security baskets, Orders may require the simultaneous execution of multiple worldwide Transactions in the same sector or market. Therefore the Client's attention is drawn to (i) the possible latency during Program Trade execution and (ii) the fact that the value of each Transaction may be adversely affected by fluctuations in the level or volatility of, or correlation or relationship between, one or more market prices, rates or indices or other market factors, caused by the execution of other Transactions comprising the Order to execute a Program Trade.

8.6 Relevant Jurisdiction

All Transactions executed or cleared pursuant to the General Terms shall be subject to the Applicable Law and Rules of the relevant Venues on which they are executed, cleared and settled (as appropriate). All disputes relating to Transactions executed, cleared or settled under the General Terms shall be governed by and resolved in accordance with such Applicable Law and Rules to the extent applicable. Notwithstanding the foregoing, the Parties shall perform their respective obligations and exercise their respective rights under the General Terms in accordance with the governing law according to Article 23.

8.7 Specific Market Rules

The Client acknowledges and agrees that where Program Trade Services are supplied by Kepler Cheuvreux in relation to one or more Financial Instruments on certain markets located in Australia, China, Hong Kong, India, Indonesia, Japan, Malaysia, New Zealand, Philippines, Singapore, Sri Lanka, South Korea, Taiwan (ROC), Thailand, Vietnam, United Arab Emirates ("**ID Markets**"), specific local Applicable Laws and Rules ("**Specific Market Rules**") apply to Transactions executed on these ID Markets, in addition to these General Terms.

8.8 Currency of Transactions

Any payment relating to a Transaction executed on a relevant Venue shall be made in the currency in which the relevant Financial Instruments are traded unless otherwise decided by the Parties. Any exchange risk resulting from Kepler Cheuvreux converting one currency into another currency shall be borne by the Client.

9. CONFIRMATIONS OF TRANSACTIONS

Kepler Cheuvreux will provide the Client with a Confirmation in respect of each Transaction it executes in accordance with Applicable Law and Rules of the relevant Venues, as soon as possible and no later than the first business day following execution or, where Kepler Cheuvreux has used a Third Party Correspondent, no later than the first business day following receipt of the confirmation from the Third Party Correspondent, unless otherwise permitted by Applicable Law and Rules.

Unless specific request of the Client, the latter is deemed to have specifically chosen to receive Confirmations by electronic means when it places its first Order with Kepler Cheuvreux, and Kepler Cheuvreux shall be entitled to send the Confirmation to the Client or make it available only by electronic means to the contact details communicated by the Client.

The Client shall have one Exchange Business Day from the date the Client is deemed to receive the Confirmation to contest its content. Any objections must be made in writing and reasons must be given. Subject to the foregoing and except in case of manifest error, the Parties agree that the Confirmation shall be conclusive.

10. ELECTRONIC SERVICES

The provisions of this Article 10 apply in respect of Electronic Services that Kepler Cheuvreux may provide in response of Electronic Orders transmitted by the Client through a System.

When providing Electronic Services through a DEA System, Kepler Cheuvreux:

- shall conduct a due diligence assessment of the relevant Clients to ensure that they meet the requirements set out in Commission Delegated Regulation (EU) 2017/589 of 19 July 2016 supplementing Directive 2014/65/EU of the European Parliament and of the Council with regard to regulatory technical standards specifying the organisational requirements of investment firms engaged in algorithmic trading. Kepler Cheuvreux shall review its due diligence assessment processes annually.

When providing the Client access to the System, Kepler Cheuvreux grants the Client, a personal, limited, non-exclusive, revocable, non-transferable right to use the System. The Client will have no ownership rights in the System.

Kepler Cheuvreux may impose restrictions and/or trading limits to control the Client's ability to place Electronic Orders through the System. Such limits and/or parameters may be modified, removed or added to by Kepler Cheuvreux at its absolute discretion and may include (without limitation) specific limits by Venue or by Financial Instrument, controls over maximum Order values and maximum Order volumes, controls over its total exposure to the Client, price collars controls at which Orders may be submitted. Such limits and/or parameters can be applied by the Kepler Cheuvreux in addition to, in replacement of or as amendment to limits previously provided.

An Order may be rejected automatically by the System. In particular, Orders placed in breach of any restrictions and/or trading limits shall be rejected by the System.

If it is not possible to execute the Order, the System informs the Client as quickly as possible.

In addition, Kepler Cheuvreux shall be entitled in its absolute discretion, and without any liability to the Client, to reject, stop, intercede or cancel an Order, for any reason whatsoever, and in particular if Kepler Cheuvreux has reasonable doubts on the person acting on behalf of the Client by way of the identification number.

10.1 Execution of Orders

When the Order is placed through the System, the Order is performed only if:

- market conditions so allow,
- it meets all legal and contractual conditions as set down by Applicable Law and Rules.

When the client is not using Kepler Cheuvreux's system order routing and when the Financial Instrument is quoted simultaneously on several regulated Venues to which Kepler Cheuvreux has delivered an access to the Client, the Venue on which the Transaction is performed is the exclusive choice and the exclusive responsibility of the Client.

The Order may be only partially executed. In the absence of any express instruction from the Client stipulating the quantity of Financial Instruments concerned, commencement of execution binds the Client.

The Client may ask Kepler Cheuvreux through the System to interrupt the execution of the Order where the Order is fractional. These new instructions shall however only be taken into account when entered into the System within time periods compatible with the execution of the Order.

The Client is responsible for any Losses incurred by Kepler Cheuvreux as a result of any cancellation or change of Order placed through the System and undertakes to indemnify Kepler Cheuvreux forthwith on demand for any Losses incurred by Kepler Cheuvreux as a result of such cancellation or change.

10.2 Disclaimer and limitation of liability

The Client acknowledges and agrees that Kepler Cheuvreux has no liability to it in respect of the merchantability or fitness for purpose of the System, that it has not relied on any representations made by Kepler Cheuvreux regarding the System and that Kepler Cheuvreux does not give any warranty to the Client in respect of the System or its access, capacity, absence of viruses, quality and performance. The Client accepts the System "as is", without warranties, express or implied. The Client will use the System at its own risk.

Kepler Cheuvreux will do its utmost to ensure the proper functioning and continuity of the System and will act with due and proper care in compliance with Applicable Law and Rules.

Kepler Cheuvreux shall not be liable for any damage in respect of:

- a) any interruption in the operation of the System, bad transmission, failure in transmission or late transmission of Orders;
- b) more particularly, Kepler Cheuvreux shall not be held liable for any consequence of a breakdown in the means of making the Orders, whether said breakdown is between the Client and Kepler Cheuvreux, between Kepler Cheuvreux and any representative substituted thereof or between Kepler Cheuvreux and the Venue on which the Order is presented. Therefore any liability on the part of Kepler Cheuvreux is excluded for damages and/or lost profit suffered by a Client as a result of transfer and program errors, technical defects, line interruptions, delays, omissions, interruptions to operations, disturbances of any kind, intervention in telecommunications installations, overloading of the network or wilful blocking of electronic access by third parties or as a result of the shortcomings of network operators;
- c) any distortion, completeness or other inaccuracies in the exchange of data through the System;
- d) any Order passed by a person other than the authorized person(s) identified by the Client, and/or from a screen located elsewhere than the place indicated by the Client.

10.3 Obligations and liability of the Client

The Client is responsible for establishing and maintaining any required equipment or interface in order for the Client to connect to the System. If the Client uses any service or network of a third party provider to access the System, then all installation, use and maintenance of any delivery components are the sole responsibility of the third party provider. The Client acknowledges the risk of communicating to the System over third party provider services and that Kepler Cheuvreux is not responsible for such risk. Kepler Cheuvreux may maintain a record of the data in its systems relating to the Client use of the System for such period as Kepler Cheuvreux may determine. Such record will be conclusive evidence in the event of dispute.

The Client acknowledges that Kepler Cheuvreux may at any time, at its absolute discretion and without notice modify any

aspect of the System or alter, restrict or suspend the Client's use of the System.

The Client shall not connect any device to the System that allows it to be used remotely.

The Client declares and will ensure when using the System that it has in place sufficient order management procedures to prevent the entry of erroneous or unauthorized Orders into the System and that all its employees using the System have adequate skills and knowledge and/or a relevant professional certification, and will comply with all Applicable Law or Rules.

The Client shall be responsible for any accidental, fraudulent or unauthorized instruction or communication transmitted to the System by using the Client's identification number. Upon notice or suspicion of any accidental, fraudulent or unauthorized transmission of instruction or communication, the Client shall immediately notify Kepler Cheuvreux.

11. CLEARING & SETTLEMENT

11.1 Position accounts and settlement of Transactions

Kepler Cheuvreux may appoint an agent to clear and settle Transactions. The Settlement Agents list is available on Kepler Cheuvreux's Website: WWW.KEPLERCHEUVREUX.COM.

To enable the Clearing Member appointed by Kepler Cheuvreux to perform its clearing services, said Clearing Member may need to open, as the case may be, one or more position accounts in its books in the name of the Client, to which one or more cash accounts shall be connected (hereinafter referred to together as "**Position Accounts**"). The sole purpose of the Position Accounts shall be to record Transactions awaiting settlement, to the exclusion of all custody services.

The Position Accounts shall be opened in the books of the Clearing Member at Kepler Cheuvreux's request.

As to Position Accounts, Client expressly authorizes Kepler Cheuvreux on its behalf to open such accounts and acknowledges that by submitting its first Order for the purpose of executing a Transaction it shall be deemed to have approved Kepler Cheuvreux to open such Position Accounts.

Through Kepler Cheuvreux, the Client may need to provide, as the case may be, the Clearing Member with all information concerning it, thereby enabling Kepler Cheuvreux to comply with its statutory and regulatory obligations.

The Client shall be bound by all unsettled trades recorded in the Client's Position Accounts.

The Applicable Law and Rules applying to Transactions between the Settlement Agent and the local clearing house or Venue apply mutatis mutandis between the Settlement Agent and the Client (i) in periods of settlement and delivery; (ii) for the minimum amounts accepted for a partial settlement and delivery; and (iii) in particular late settlement penalties and buy-in procedure.

In order to enable the Settlement Agent to settle the Transaction on the applicable settlement day, the Client undertakes to provide it with cleared funds or Financial Instruments (in deliverable form) or to take all necessary measures to allow such payment or delivery including, in particular, to transmit all necessary instructions to the relevant

custodian of the Client's Financial Instruments. The Settlement Agent may not be held liable for any act not attributable to it, including in the event that the custodian appointed by the Client fails to comply with its obligations or fails to comply with the instructions of the Client.

Unless the Settlement Agent expressly agrees to the contrary in any particular case or market practice otherwise prevails, all amounts payable by the Settlement Agent to the Client or the custodian appointed by the Client, or any other persons designated by the Client and vice versa shall be payable on a delivery versus payment basis. The Settlement Agent may, in its discretion, debit and credit the Client's Account as if the Transaction had settled. However, the Settlement Agent may at any time and in its absolute discretion reverse any such provisional debits and credits.

For the avoidance of doubt, the Settlement Agent will, in the event of an execution outside a Regulated Market and/or a MTF and/or an OTF apply the rules described in this Article 11.1 to the Client's settlement of Transactions.

11.2 Settlement Failure

11.2.1 If the Client fails to make payment of cash or delivery of Financial Instruments on the scheduled Settlement Date, the Settlement Agent may, without prior notice to the Client, in its absolute discretion, settle the Transaction and borrow or buy or sell Financial Instruments as necessary. The Client shall bear all the financial consequences (in the same conditions as stated by the relevant Venues) related to its default and all risks of payment and delivery, including, but not limited to:

- any late payment penalties due directly or indirectly from the Settlement Agent to any relevant Venues or counterparty as a result of such default;
- any other Losses Kepler Cheuvreux or the Settlement Agent may suffer or incur including as a result of an increase or decrease in the market value of the Financial Instruments or of a resale or repurchase of the Financial Instruments initially acquired or sold on the relevant Venues or OTC, and in particular, pursuant to any repurchase procedures provided for by the Rules of the relevant Venues or OTC; and
- any Losses suffered by any third party as a result of such default.

11.2.2 For the avoidance of doubt, the Settlement Agent will at its discretion and without prior written notice, in the event of an execution outside a Regulated Market and/or a MTF and/or an OTF, apply the rules described in paragraph 11.2.1 to the Client's settlement failure or the market valuation methodology of the Transactions as described in the OTC protocol for default trade published by the Association for Financial Markets in Europe (AFME).

11.3 Give-up during settlement cycle

11.3.1 From time to time, Kepler Cheuvreux will execute Orders in accordance with the General Terms, and shall give-up the executed Order to any counterparty appointed by the Client for settlement (such as but not limited to a prime broker or a bank) (the "**Appointed Counterparty**") in accordance with the Applicable Law and Rules, subject to acceptance by the Appointed Counterparty of the General Terms. Upon the occurrence of an Event of Insolvency, or upon rejection of a Transaction executed by Kepler Cheuvreux, by the Appointed Counterparty before the Settlement Date, Kepler Cheuvreux may, in its absolute discretion either chose to:

- Transfer the executed Order to another Appointed Counterparty for settlement, or
- Settle the executed Order in accordance with the General Terms. In such case the Client agrees to identify, protect and hold harmless Kepler Cheuvreux for any Loss arising out from an executed Order not settled on the due date in accordance with the Applicable Laws and Rules and the General Terms.

11.4 Settlement

For the avoidance of doubt, the Settlement Agent may, in its absolute discretion, accept partial delivery of funds or Financial Instruments from the Client. Partial settlement and delivery does not discharge the Client's obligations in full nor exempt the Client from expenses and penalties on the amount of the Client's default. The Settlement Agent's acceptance of partial settlement and delivery at the Client's request should not be considered the regular practice of the Settlement Agent and the Client should not assume that, if done once, it will be repeated.

Any payment or delivery made by the Settlement Agent to the Client, the Client's custodian or any other person who may subsequently be designated by the Client, shall be treated as payment or delivery in full discharge of Kepler Cheuvreux's or the Settlement Agent's obligations.

11.5 Corporate action during settlement cycle

In the case of a corporate action, (i) the Client undertakes that the applicable settlement and delivery rules will be the Rules of the relevant Central Securities Depository on which the Transaction is executed, including the specific time limit of the due date, which will prevail over any other over the counter settlement and delivery rules; and (ii) in respect of Transactions that have not been completed by the relevant time on the due date for whatever reason, the Settlement Agent is owed by the Client all shares or cash resulting from the corporate action under the conditions of the most favourable option proposed by the issuer.

Kepler Cheuvreux is entitled to refuse any atypical or unusual settlement date which the client deems appropriate or has chosen whether in respect of any corporate action or otherwise under these General Terms.

As of the last day on which an option can be exercised in relation to a voluntary corporate action (the "**Instruction Date**") and until the last day on which the Client must instruct its custodian its voluntary corporate action choice (the "**Last Settlement Date**"), the Client irrevocably and unconditionally accepts any partial settlement in relation to the security and/or right. The Last Settlement Date shall be confirmed by Kepler Cheuvreux and cannot be contested.

In the case the Client rejects any partial settlement, the Settlement Agent shall not be liable to the Client for any claim, loss, damage, liability, cost, expense and/or default of protection in relation to the voluntary corporate action suffered by the Client arising out of or related to such rejection. The Client shall bear all financial consequences of such rejection, and the Client shall hold Kepler Cheuvreux or the Settlement Agent harmless from and against any and all actions, claims or all damages, charges or disbursements of whatever nature, which may be made and/or suffered by Kepler Cheuvreux or the Settlement Agent arising out from such rejection.

In the event the Client fails to deliver a Financial Instrument in respect of which an option is attached (including a public takeover or exchange offer), the Client agrees that the Settlement Agent is entitled to the benefit that would result from the exercise of the option. The Client agrees that the Settlement Agent's rights under this provision are not conditional to any formal request or other notification (a "**Protection Notice**").

The Protection Notice sent to the Client is for information purpose only. The default of receiving or sending such Protection Notice shall in no event be considered as a waiver to receive indemnification, for any settlement failure, based on the most favourable option proposed by the issuer of the Financial Instrument.

Where the Settlement Agent shall deliver a Financial Instrument to which an option is attached, the Client shall expressly notify Kepler Cheuvreux its wish to exercise such option before the last Exchange Business Day on which such option may be exercised.

12. CUSTODY

For the performance of the Services, Kepler Cheuvreux may need to appoint Third Parties Correspondents for the custody of Clients' securities.

In particular, when a Client issuer of Financial Instruments listed on a Regulated Market which enters into a market making / liquidity contract with Kepler Cheuvreux, the Client acknowledges and accepts that Kepler Cheuvreux will not hold the Clients' securities Account.

The holding of those securities is performed by a custodian Third Parties Correspondents, for French securities the custodian being PAREL SA (group Société Générale).

Kepler Cheuvreux will then open one or more accounts in the name of the Clients in the books of the custodian.

Financial Instruments held on behalf of the Client shall be credited to and recorded in the Accounts kept by the custodian (the "**Custody Accounts**").

The custodian:

- a) has no obligation to accept Financial Instruments that it deems unacceptable for any reason into the Custody Accounts; and
- b) will sign with both the Client and Kepler Cheuvreux a separate and specific agreement providing the rights and obligations of the parties, and which is the one and only governing their legal relationship as to the Custody Accounts.

- 15.1** Kepler Cheuvreux shall not be held liable for any Losses suffered by the Client, in relation to the performance by Kepler Cheuvreux of its obligations under the General Terms, unless those Losses are finally determined by a court and arise directly from any act or omission by Kepler Cheuvreux that constitutes gross negligence, wilful misconduct or fraud.

Kepler Cheuvreux's total liability towards a Client shall not exceed the lowest amount of either (i) the amount of Kepler Cheuvreux's fees received from the relevant Client during the past twelve months preceding the Loss or (ii) the market value of the Financial Instrument which is the subject of the relevant Transaction.
